 [Bommisetty-Hemanth-Gupta](https://www.linkedin.com/in/Bommisetty-Hemanth-Gupta)

Professional Summary

Motivated Mechanical Engineering student with hands-on experience in CAD design, robotics, and rapid prototyping. I enjoy turning ideas into practical solutions—whether it's developing automation projects, designing robotic systems, or leading creative and technical teams for major college events. Skilled in Siemens NX, Arduino systems, and 3D printing, with a strong track record of executing projects from concept to completion. Known for being detail-driven, collaborative, and able to deliver quality work even under tight deadlines.

Skills

Productivity Tools: Microsoft Office, Canva, Google Workspace

Languages: Java Script, C, Python, Arduino IDE

Technical: Simens NX, Solidworks, Auto CAD, Ansys

Soft Skills: Leadership, Team Management, Adaptability, Flexibility

Experience

Sasha Innworks Pvt. Ltd.

May 2025-Aug 2025

Design & Prototyping Intern

- Contributed to the design and prototyping of a Machine Vision System and an autonomous warehouse automation robot, enhancing efficiency in real-time industrial operations.
- Developed expertise in product development, CAD modeling, and rapid prototyping, applying engineering knowledge to automation and digital system solutions.

Projects

4RP Configuration Robotic Arm

Oct 2024-Dec 2024

- Designed and simulated a 4RP robotic arm to analyze motion, load distribution, and structural stability.
- Optimized link dimensions to improve workspace reach and operational accuracy.

Cartesian Robotic Arm (Writing Machine)

Feb 2025-Apr 2025

- Developed a Cartesian robot capable of automated handwriting using G-code generated from image inputs.
- Integrated GRBL firmware and CNC Shield to achieve precise and repeatable motion control.

All-Terrain Vehicle (BAJA 2023 & AATVC 2024)

Sep 2023-Jul 2024

- Contributed to chassis and suspension design for an all-terrain vehicle optimized for rough terrain.
- Achieved All India Rank 19 in AATVC 2024 for innovation, durability, and endurance performance.

e-Human Powered Vehicle (ASME e-HPVC)

Oct 2024-Mar 2025

- Designed a lightweight human-powered tricycle emphasizing structural efficiency and rider ergonomics.
- Secured All India Rank 1 at ASME e-HPVC India for innovative design and overall performance.

R.O.V.E.R (ASME IAM 3D Challenge)

Sep 2025-Dec 2025

- Designed & Fabricated a fully additive manufactured R.O.V.E.R prototype.
- Secured Rank-2 at ASME Efx KLSGIT for Innovative design and performance

Leadership & Volunteering

- NSS Overall Coordinator, Vasavi College of Engineering
- President, Robotics Club – Vasavi College of Engineering
- Event Manager, ASME Student Section & Sports Club
- Led 39 events and volunteered in 23+ technical, cultural, and social initiatives

Achievements

- All India Rank 1 – ASME e-HPVC India 2025
- 2nd Prize - ASME IAM-3D Challenge, ASME Efx KLSGIT & 3rd Prize - ASME IAM-3D Challenge, ASME Efx SJCET 2026
- 1st Prize – Osmania University Mech-Arena CAD Competition
- All India Rank 19 – AATVC 2024 (Innovation & Endurance)
