Experience	Overall 40+ years of experience in UK & Indian Railway Signalling
Qualifications	MBA (Project Management)
Management Competency	• General Manager (Signal Design & Project Management) - Beijing National Railway Research & Design Institute of Signal & Communication Group Co., Ltd. • Signalling Design Manager/Principal System Engineer- Consulting, Rail and Strategic Highways. Amey UK • Lead Design & Project Manager - URS/AECOM • Delivery Head- Infotech Enterprise Limited, Hyderabad • Signalling Project Lead- Jacobs CES Engineering Ltd, Navi Mumbai • Sr. Project Manager- Infotech Enterprise Limited, Hyderabad • Principal / Executive Signal & Telecom Engineer- Indian Railway • Assistant Executive Signal & Telecom Engineer- Indian Railway • Basic Management (Railway Staff College –Vadodara-India) • Project Management - (Indian Railway Institute of Signal and Telecomm. Eng. – Secunderabad-India)
Technical Competency	• GRIP 4, GRIP 5 and GRIP 6 Stage Design • (Scheme Plan, Control Table, Track Bonding Plan, • Final Project Specification, Signalling Design Specification, • Location Area Plan, REB Design, Location Design) • Expertise in - ○ Signalling Design Verification. ○ Planning and Designing of Signalling Arrangement for New Railway Route. ○ Signalling modification in existing Yard Remodelling project work. ○ Up gradation of Existing Signalling Arrangement in S & C project work.
Technically Trained	CBTC, Metro Rail Project & Microlock II
Key Projects	• EDFC -2 Signalling Arrangement in New Dedicated Freight Corridor Corporation Project. • Micklefield & Peckfield project in progress • Belford Project. • S & C replacement work for LNE, LNW & GNGE. • Southampton GRIP 4 • Eastleigh GRIP 5 • Thameslink Program WB3. • Thameslink Program WB5. • Thameslink Stage 5 Project. • Reading Project. • Thameslink Work Package 19 & 20. • Thames link stage 8A project • Reading Project • Thames link 24 TPH
➤ Relevant Work Experience:	
• Presently working as freelancer - Signalling Project Expert & assisting new startup to prepare initial project documents for bidding process. • Imparting training to new joiner(s). • Explaining importance of Documents Control & Design Control processes to team.	

- **Ensure that Design & Documents control processes** are followed by Signalling Team before Delivery of Design to client.

Project Management & Control - Beijing National Railway Research & Design Institute of Signal & Communication Group Co., Ltd. (Oct 2018 - July 2020)

- **Project Planning to deliver Design on mutually agreed Date.**
- Coordinate with field installation Team.
- Resolve critical project issues with other stakeholders in project.
- **Ensure Project Materials supply from suppliers as per agreed** technical specifications.
- Design Verification, Documentation Management & Managing training, Competencies and Quality of work.
- Project Planning & Project Monitoring including mentoring Fresh Engineers
- Provide leadership for Signalling projects across EDFC project Work share program.
- Communications with the Client and Team
- Quality of Delivery & Communications with the Client and Team
- Associate Satisfaction & Resource Utilizations

Signalling Design Manager/Principal System Engineer- Amey Services Ltd. UK (March 16 - May 18)

- Provide technical leadership to all Signalling Team in Crewe UK.
- Design Verification
- Prepare project Budget, Project Planning & Project Monitoring to ensure Quality of Delivery.
- Provide leadership for Signalling projects across UK Work share program.
- Project Planning & Project Monitoring
- Communications with the Client and Team
- Resource Utilizations

Project Manager - URS/AECOM (July 2014 - July 2015)

- Design Verification, Documentation Management & Managing training, Competencies and Quality of work.
- Mentoring Fresh Engineers
- Provide leadership for Signalling projects across UK Work share program.
- Project Planning & Project Monitoring
- Quality of Delivery & Communications with the Client and Team
- Associate Satisfaction & Resource Utilizations.

Lead Design Engineer/ Sr Project Manager- Infotech Ent. Limited(April 2013 - July 2014)

- Review produced design before delivery to Network Rail UK for approval.
- Design checking for Technical Suitability to safety & Quality.
- Provide leadership for Signalling projects across UK Work share program.
- Project Planning & Project Monitoring
- Quality of Delivery
- Communications with the Client and Team
- Resource Utilizations
- Billing and Time sheets

Lead Design Engineer/Project Management- Jacobs CES Eng. Ltd (Jan 2012 – Mar 2013)

- Project planning, & mentoring, Quality of delivery, Communication with clients and team.
- Review of the produced design before delivered to Network Rail UK for their approval.
- Design Checking for Technical Suitability to safety & Quality.
- Provide leadership for Signalling projects across UK Work share program.
- Project Planning & Project Monitoring
- Quality of Delivery
- Communications with the Client and Team
- Resource Utilisations

Lead Design Engineer: Infotech Ent. Limited (Sept.2007- Jan 2012)

- Airdrie To Bathgate LCD Project
- Thames link stage 8A project

- Thames link WB3 project.
- Thames link Stage A5
- Thames link WB5
- Reading Project
- Thames link 24 TPH
- Thames link WP19-20

Indian Railway – Mumbai (Dec 1978 – Sept 2007)

➤ **Divisional Signal & Telecom Engineer /Principal:**

- Execution of Railway Board E-Learning programme and developing electronic copy of Signalling and telecom Subject.
- Commissioning of Railway yard to impart practical oriented training to trainees.
- Implementation of ISO 9001-2000 polices
- Human Resource Management.

➤ **Assistant Signal & Telecom Engineer (HQ/DRG.)**

- Designing of RRI/Panel Interlocking, circuit of SRSF work for MB Division, BSL division NGP division and Jhansi Division.
- Designing of Level Xing gate and 2nd Distance Signal Circuit between Igatpuri (Mumbai) –Bhusawal and Nagpur.
- Testing of Control Table, functional Test during yard remodelling at CST VT.

➤ **Assistant Signal & Telecom Engineer (Works)**

- Executing works contracts for repair/replacement of signalling equipment Ghatkopar to Vikhroli and Kalyan to Badlapur.
- Interaction with potential manufactures to assess their capabilities for development of signalling spares, sample field trial, testing to suit import substitute.

➤ **Assistant Signal & Telecom Engineer (DC-AC project)**

- Execution of DC to AC conversion work in Bombay division suited to 25KV AC electrified system from Vashi to Jasaissection, 20 stations where Alteration in running circuit of Point Machines, Automatic Signal circuit, Block Instruments, insertion of cutting in relays, its testing etc. Testing of alteration etc.
- Execution of Centralised control system for the Auto Signal at Datevali between Diva and Dombivli Station.
- Issue of safety certificates etc.

➤ **Vice Principal**

- Restoration of large-scale damage due to flood in (year 2005) Badlapur PI and its outdoor cables & gears.

• **Developments:**

- Augmented the traditional method of teaching by introducing modern facilities in the field of teaching for the first time in the history of Training Institute.
 - Introduced New Teaching Methodology
 - Developed Animated CDs on Signal & Telecommunication subjects on the Subjects to facilitate E-learning:
 - Siemen's Point Operation & Detection Circuit
 - Selection Circuits,
 - Modern Communication,
 - Electronic Exchange
- **Notes developed for Trainees**
 - Developed notes on *Siemen's Panel Interlocking SGE Block Instrument*, "*Earthing D and lightning arrestor*", "*Initial charging of cells*" and various *AFTCs* incorporated with photographs of installed Relays, Groups for Signal, Point & Route and other equipment's, explanatory note for each and every contact in circuits, dos' and don'ts and troubleshooting with flow chart.

➤ **Junior Engineer & Senior Engineer:**

- Inspection, Alteration, Modification, Execution of works, Panel Integrity Testing, Ensuring maintenance of S&T gears of Byculla and Dadar.
- Removal of redundant point and installation of point turn out on RCC sleeper between Dadar and Matunga Section.
