Bengaluru, KA 560066

## CORE COMPETENCIES

- Executive Delivery Leadership
- Director level P&L Ownership
- Pre-sales & Presales Solutioning
- Cross-functional Team Building (85+ FTE)
- Agile / SAgile / Waterfall PMO
- Stakeholder & Client Management
- Embedded Systems, Architecture
- IoT / IIoT / Edge Computing
- Automotive (SOAFEE, ADAS, CAN, LIN)
- Server Peripheral Automation
- Multi-Agentive AI Frameworks (MCP)
- AI-ML / Edge Ai
- Digital Twin / Cloud Platforms
- Railway Signaling (Safety-Critical)

## WORKED LOCATIONS

Singapore, Germany, China, HK, US,  
Australia,

Technology executive with 21+ years driving large-scale embedded, AI, and IoT programs from concept to delivery. Proven Director level leader across Accenture, GE, Alstom, Siemens — managing \$2M–\$8M portfolios, 85+ FTE, and 13+ global clients. Experience in Claude-certified Multi-Agentive (MCP) frameworks, ASIC driver integration, and end-to-end AI-server peripheral automation (industrial fans, LCD, thermal, power modules). Combines deep engineering credibility with executive P&L accountability.

## PROFESSIONAL EXPERIENCE

### Engineering Manager / Delivery Lead / Associate Director — Embedded & AI Practice Accenture India, Bengaluru | Nov 2023 – Present | Team: 75+ FTE | Portfolio: \$4M+

- Lead end-to-end portfolio delivery for Embedded & AI Practice — owning presales, solutioning, team ramp-up, and partial P&L.
- Designed end-to-end automation for AI-server peripherals: industrial fans, LCD displays, thermal sensors, and power modules — enabling proactive bug fixes maintenance.
- Built GenAI-based OSAL (OS Abstraction Layer) enabling portable AI inference across heterogeneous embedded platforms.
- Build and integrated Claude Skills (.md) for operation efficiency
- Build and integrated Claude Skills solution in Embedded application thereby reducing overall development cycle time.
- Delivered LCD/Thermal/Power module control systems for AI-servers, and Agile-driven embedded programs.
- Recognition: Accenture Centre for Excellence in Silicon Space (ACE) — 2024–2025

### Delivery Head / Associate Director — IT, Embedded, IoT, IIoT, Cloud InOpTra Digital Innovation Pvt Ltd, Bengaluru | Jul 2022 – Oct 2023 | Team: 60–75 FTE | Regions: NAM, EU

- Directed full-lifecycle delivery of hardware and software programs across North America and Europe.
- Headed Embedded, Digital Twin, IoT/IIoT, and Cloud practices — coordinating 5+ cross-functional engineering streams.
- Drove strategic vendor and partner ecosystem management — shortlisting, onboarding, and governance of technology partners.
- Established delivery frameworks that improved milestone hit rate to 87%+ across all active programs.

### Lead Architect / Program Manager / Portfolio Manager — Railway Signalling Alstom Mobility / GE Transportation, Bengaluru | Mar 2015 – Jul 2022 | Team: 35–45 FTE | Portfolio: \$1M–\$8M

- Managed 10+ safety-critical software projects for Automatic Train Control & Protection — 85%+ milestone hit rate across NAM, SAM, AUS.
- Delivered end-to-end programs for 13+ customers in North America, South America, and Australia.
- Automated verification & validation pipelines — saving 1,200+ engineer-hours annually; reduced defect escape rate to <7%.
- Designated World Class Expert (WCE) in Embedded Software — mandatory reviewer for vital safety software across all regions.

## TECH STACK

- AI: Claude API, multi-Agent MCP,
- ASIC: ARM, RISC-V, CUDA
- TechStack: C, C++, RTOS, OOPS,
- ACP, MCP, CAN, LIN, TCP/IP, IPC
- EdgeAI: Podman, Hypervisor,
- GenAI OSAL, TensorFlow, PyTorch

## LANGUAGES

English, Hindi, Kannada, Konkani

## CERTIFICATIONS & CREDENTIALS

- PMP® — Project Management Institute [PMI-PMP® No. 2911415, Dec 2020]
- PG Certification — AI & ML / Deep Learning, IIITB [3.3/4.0 GPA, 2021]
- Claude Certified Architect – Pursuing [ May-2026]

## EARLIER EXPERIENCE

- Siemens Assembly Systems, Singapore – Tech Manager (Jun 2008 -Jun 2014)
- Delphi Automotive System Singapore — Embedded Engineer (Oct 2009 – Sep 2011)
- General Electric Transportation India — Embedded Software Designer (Jun 2005 – Aug 2007)
- Honeywell Technology Solutions / Vista Infotech — Senior Engineer (Consultant) (Sep 2004 – May 2005)
- L&T EmSys — Project Trainee (Aug 2003 – Aug 2004)

## ACCOLADES

- Accenture Centre For Excellence in Silicon Space (ACE) — 2024–25
- World Class Expert (WCE) — Embedded Software, Alstom - 2016–2022
- Engineering Excellence Award — Alstom, Nominated 2016–17 (Individual)
- Employee of the Quarter — Siemens A&D, Jul 2009 (Individual)
- Engineering Excellence Award — GE Transportation, 2006–07 (Individual)
- Engineering Excellence Award — HTSL Bangalore, 2004–05 (Team)
- Top 9th Rank — VTU National Level Masters Entrance Examination, 2002

## EDUCATION

- MS: Computer Control & Automation — Nanyang Technological University, Singapore (2007–2008) | *First Class*
- MTech: VLSI & Embedded System Design — SJCE Mysore (2002–2004)  
*First Class – Honours | Top 9th in VTU National Masters Entrance Exam*
- BE: Electrical, Electronics & Communications — Karnataka University, Dharwad (1997–2001) *Distinction*
