

JOB OBJECTIVE

A dedicated Professional targeting leadership assignments in Plant Operations and Maintenance an organization of high repute Foundry and preferably in Automobile industry preferably in Chennai

CORE COMPETENCIES

- Project Management
- Material handling equipment's
- Overhead cranes, Fork lifts
- Quality Management Systems
- Policy/Procedure Development
- Plant Operations
- Erection and Commissioning
- Compliance Management
- Breakdown Maintenance
- Technical Assistance
- Design Engineering
- Contract Management
- Environment Management
- Quality Assurance Compliance
- Facility Management
- Health & Safety Management

SOFT SKILLS

- Communication
- Collaborator
- Flexibility
- Innovator
- Thinker
- Leadership

CERTIFICATIONS

Completed various certifications:

- Fire safety certificates
- First aid certificates
- PLC programming certificate
- Mechatronics training programming certificate

PROFILE SUMMARY

- Performance-driven professional with over 36 years of rich and extensive experience in Plant Operations, Maintenance, Project Management, Quality Assurance/ Compliance, Production Management, Administration & Cost Management, and TS 16949. Department lead for IATF, EHS audits.
Main core: Material handling equipment's, overhead cranes, Conveyors, Fork lifts, Lift equipment's
- Plant Operations: Led all phases of plant operations including design & development, production planning, production, quality control, maintenance, finishing and dispatch
- Introduced manufacturing processes and promoted new technology to minimize customer costs and improve margins; developed partnerships within the Business Units (BU's); defined and developed joint strategies for successful and cost effective delivery models
- Maintenance: Proven track record in implementing cost saving measures to achieve substantial reduction in terms of production, raw materials, manpower and machine utilization; enhanced plant service quality and equipment reliability by improving workflow and optimizing maintenance processes
- Project Management: Authorized all commitments of expenditure on the project and approved payment of invoices; liaised with individuals outside the firm (partners, sub-consultants, Joint Ventures); nurtured relationship with clients after project completion to assure future work from the clients
- Extensive experience in managing inspection activities, qualification procedures and monitoring jobs across projects; conducted welder performance qualification tests and maintaining qualification
- Managed maintenance goal setting, activity scheduling and work allocation to ensure measurable goals, proper workload distribution, goal satisfaction; reviewed Plant Standard Operating Procedures (SOP) & provided necessary support for Job Safety Analysis (JSA) / Risk Assessment
- Modified manufacturing operations in accordance with changing Business Model from stock producer to custom producer

AREAS OF EXPERTISE

MACHINE PREVIEW

- SPM Machines, PLC, CNC Machine, Vertical Boring, Horizontal Boring, Seam / Ring / MIG – MAG Welding
- All types of material handling equipment's, fork lifts, Overhead cranes, EOT cranes up to
- 10 ton Special type slat conveyors,
- Shot blasting machine, system, Sand conveyer system, Compressor control panel, Shell core shooter, 200 HP and 125 HP motors assembling
- 80 Ton press, Heat treatment furnace,
- Main assembly conveyors,
- Conveyor interlock systems, trouble shootings,
- Mistake proofing, POKA YOKA systems, Improvements

EDUCATION

Diploma in Mechanical Engineering with high grade.
Year of passing 1988 with state technical education

ORGANIZATIONAL EXPERIENCE

Since March 1995 | Manager (Plant engineering Department) | ASHOK LEYLAND | Chennai

Responsibilities:

- Successfully managing individually in main assembly conveyors (PLC with AC drive frame assy, front axle and rear axle conveyors and its related manufacture machines), Main chassis assembly conveyors and related machines, VFD and VSD compressors up 160 KW
- Working on double speed cranes, EOT cranes with double speed, SPM machines, HVM, VMC, chain conveyors, slat conveyors, circuit modification and implementations with low cost automations, energy saving projects, machines function improvements for user-friendly operations
- Over all maintain of material handling equipment's of fork lift, linde side material handling equipment, Low cost engine modification of material handling equipment's
- Managing maintenance goal setting, activity scheduling and work allocation to ensure measurable goals, proper workload distribution, goal satisfaction and effective staff management
- Reviewing Plant Standard Operating Procedures (SOP) & provided necessary support for Job Safety Analysis (JSA) /Risk Assessment
- Modifying manufacturing operations in accordance with changing Business Model from stock producer to custom producer
- Monitoring coordination with engineering and floor teams for design, production scheduling, and delivery of products to customers
- Department lead to maintain IATF, EHS audits,

RESPONSIBILITIES

- Successfully managed the project works, improvements works, energy saving work, machines reconditions, control panel modifications
- Played a key role as project work & improvements done following foundry machines like Knock out System, Shot Blasting Machines, Sand Conveyer Systems, Heat Treatment Furnaces and Cold Box Core Shooter.
- Foundry machines and conveyors
- Over all in charge of maintenance department both electrical and mechanical maintenance.

MAINTENANCE PURVIEW

- E.O.T., Cranes 10 ton, 5 ton 3 ton, Hoists Up to 5 tons
- 10 ton oil fired heat treatment furnace
- Fork lifts, hand trolleys,
- Frame shifting linde material handling hydraulic equipment's
- Slat and chain Conveyor system,
- Pneumatic and battery operated gun's
- Air monitoring systems
- Fuel monitoring systems and it's equipment's

TECHNICAL SKILLS

- SAP Knowledge
- Lean Six Sigma
- PowerPoint Presentation
- POKA YOKA, systems, improvements of mistake proof and implementation of interlock systems.

PERSONAL DETAILS

Date of Birth: 11th April 1968

Languages: English and Tamil

Address: Kavitha illam, 57, PE Koil North Mada Street, Aynavaram, Chennai, 600023
