Jogulamba Gadwal district

EEE Graduate

CAREER OBJECTIVE

Motivated and enthusiastic Electrical and Electronics Engineering graduate Seeking an opportunity to contribute innovative ideas. To apply technical knowledge, and collaborate in a professional team environment to achieve organizational goals.

EDUCATION

B.Tech

Jntuhucem-2025

Intermediate

Sri Chaitanya Junior College
2019 - 2021

SSC

Saraswathi Vidyaniketan High School
2019

SKILLS

Management Skills

Teamwork

Adaptability

Critical Thinking

Communication Skills

TRAINING

Training undergoing on Electrical System Design at HIEE:

March-May

Software Skills

- Autocad
- Basic Matlab

Technical Skills

- Cable Sizing
- Switchgears
- Industrial automation
- SC Calculations
- PV Design

INTERNSHIP

Protection Relays in 132/33KV Substation, RGIII Area:

- Assisted in monitoring and maintaining electrical systems
- Acquired foundational knowledge on protection relays under the guidance of assistant engineers.

SITE VISITS

- 2x600 MW Singareni Thermal Power Project (STPP), Jaipur
- 132/33kV Substation

ACADEMIC PROJECTS

Analysis of Vertical Axis Wind Turbine using Coreless Stator and Rotor Axial Flux Permanent Magnet Generator:

- Conducted performance analysis of vertical axis wind turbines using advanced simulation and modeling techniques
- Evaluated system efficiency under varying operational conditions.
