SUMMARY

Computer Science Engineering student with hands-on experience in web development, seeking an entrylevel role to apply analytical thinking, programming skills, and problem-solving abilities. Interested in building scalable, data-driven applications and gaining exposure to cloud-based and security-focused systems in a real-world professional environment.

WORK EXPERIENCE

Web Development Intern

Sep2024 to Nov 2024

- Built responsive web applications using HTML, CSS, and React.js.
- Collaborated with team members to deploy and test web applications.

AI & ML Virtual Intern (ExcelR Solutions)

Jul2024 to Aug 2024

- Developed machine learning models using Python, Pandas, and NumPy.
- Worked on real-world datasets including house price prediction

EDUCATION

Swarnandhra College of Engineering and Technology, Seetharampuram

Bachelor of Computer science and Engineering

- Graduated: March, 2026

PROJECTS

Smart Sensor-based Real-Time Drinking Water Quality Monitoring System

- Designed an IoT-based system using smart sensors to monitor water quality in real time.
- Aimed at ensuring safe drinking water for rural communities.

SKILLS

Programming Languages:Python, C

WebTechnonogies:HTML5, CSS3,JavaScript

Frameworks & Tools:GitHub, VS Code

Databases:MySQL, MongoDB

CERTIFICATIONS

- Google AI-ML Training – EduSkills & Google for Developers (2025)
- AI & ML Virtual Internship – EduSkills (2024)
- Web Full Stack Developer Internship – EduSkills (2024)
